

What do you see, observe
or notice?

These kids are playing with toys
or by themselves. But it looks like they
have no movement house or enough of money.

What questions or puzzles
do you have?

What are the toys their playing with

What is this really about?

It's about refugee children

So, at the first picture I can
see that these kids are not in the
city or common village or rural
open space, so probably they live
in the camping places, they
left their homes, being refugees.
