

## My portfolio.

The game is Hand ball There are some games similar., the game is like. When we should use our hand, not with our feet, it is not allowed to use our feet, we need to throw the ball to other players. You need to pass at least three times to score unit to straight into a soccer goal. To make it fair, you cannot defend other players that is younger than you or girls. There is a sticky substance placed on the ball to have a good group. player Have to stand still, they can't run with the ball. If these rules are broken, the players must choose. 20 sit-up or run a lap My chosen design was not successful because of some changes. And some rules that would make the game not possible.

The Chosen design was Grid-ball A game will you should be carefully. You should do teamwork. You step off the grid. If you step off the grid, you will get a card, you will be punished for ten minutes, will not be playing. Same goes for they are not allowed to go out the goalie area. There were some problems with the game. Some people did not understand the rules. And some people did not know how to play the game. So we dit not know wat to bo
